Mage TITANS

2023 Conference

Saturday 22nd April, 9:30am - 5:30pm plus after party!
Manchester

What is Mage Titans?

Mage Titans is a series of conferences across the Globe for the Magento Developer Community. Mage Titans Manchester will be held in Manchester, venue TBC on Saturday, 22nd April 2023.

This year is particularly special as not only is it the sixth one; it's the conference's return since 2018. We're bringing it back due to popular demand.

Why Mage Titans?

Mage Titans is a partnership between the Magento Developer Community and Space 48, an award-winning ecommerce agency.

The content for Mage Titan's has been designed by Magento developers and it is the only solely developer focused conference in the UK. The aim of the conference is to offer affordable access to the world's biggest and best thought leaders and innovators and offer a space for Magento developers to network and knowledge share with their peers.
